# ENTRY FORM

<https://www.simonstrategy.it/>

Access to the strategy is allowed only and exclusively to those who are already registered in the GL.  
The aim of the strategy is to help unlock as many NATIVE/ORIGINARY boards as possible.

### **Foreword**

GL is a Circular Economy system that allows economic abundance to be given to all participants, provided that all members actively contribute and put back into circulation part of the gifts received. Only in this way can the whole community benefit from the advantages of this extraordinary model of Economy.

Whoever decides to join the Simon Strategy consciously accepts the following points :

- 1)** The applicant applies for access using the following application form, entering all the required data and confirming acceptance of the rules of the Strategy
- 2)** The Simon Strategy staff will take note of the request received and will give the subscriber his or her new account with access credentials already placed on board in the starting bronze board.

The subscriber will be aware that he/she is starting a new path (parallel to his/her original one) and once he/she has boarded the starting Bronze Table he/she will proceed **to make the GIFT within a maximum of 24 hours and by a possibly instantaneous method** to the indicated Legend.

The account is the property of Simon Strategy and will be shared with the subscriber.

It is specified that gifts are to be divided as follows :

### **BRONZE TABLE** (Effective gifts 200€)

- 1° end 2° donor will make the gift to the Legend of the Bronze Table itself.
- 3° , 4° , 5° end 6° donor will make the gift to the Legend of the Silver Table, thereby confirming the Legend's position in Silver.
- 7° donor will be dedicated to the clone of the Bronze Legend and will make the gift to the Legend of a native/originous Bronze Table to help, making the 1st clone take the position.
- 8° donor, will make the gift to the Legend of the Bronze Perpetual Table, thus having the Legend's position in the Bronze Perpetual Table confirmed.

**In the Perpetual Bronze Table, the 3rd, 4th, 5th and 6th gifts indicated above will no longer be allocated to the next Silver Table, but will be dedicated to new clones.**

**SILVER TABLE** (Effective gifts 800€)

-1° end 2° donor will make the gift to the Legend of Silver Table itself.

-3° , 4° , 5° end 6° donor will make the gift to the Legend of the Gold Table, thus confirming the Legend's position in Gold.

-7° donor will be dedicated to the clones of the Silver Legend and will make the gift to the native/originary Bronze Legends to be helped by having 4 clones take their positions.

-8° donor will make the gift to the Legend of the Silver Perpetual Table, thus having the Legend's position in the Silver Perpetual Table confirmed.

**In the Silver Perpetual Table, the 3rd, 4th, 5th and 6th gifts indicated above will no longer be allocated to the next Gold Table, but will be dedicated to new clones**

**GOLD TABLE** (Effective gifts 4.600€)

-1° , 2° end 3° donor will make the gift to the Legend of the Gold Table itself.

-4° , 5° , 6° end 7° donor will be dedicated to the Gold Legend clones and will give the gift to the native/originary Bronze Legends to be helped, making 64 clones take their positions.

-8° donor will make the gift to the Legend of the Gold Perpetual Table, thus having the Legend's position in the Gold Perpetual Table confirmed.

**The Gold Perpetua Table is repeated verbatim as written above.**

*The team will help people get in touch and give directions to the donors placed in the Tables, on who will be the recipient of the gift.*

When becoming a Builder in the Strategy boards it is **ABSOLUTELY FORBIDDEN TO GENERATE INVITE LINKS**, it will be exclusively the **STAFF** who will place new Donors under Builders in the Strategy line.

**3)** In order to continue with the Strategy account in the Gold Table, it is necessary for the Legend of the Silver Table to prove that they have complied with the 2nd Gift Rule, having invited 2 people to their native/original table.

**All those who have complied with the 2nd Gift Rule and have already invited the 2 people on their original route will quietly board the GOLD board continuing the route in the line of strategy.**

Alternatively, the account will be CONVERTED into a JOLLY account. (The function of the JOLLY account will be described in point 4 of the Rules).

No one may make any claims on the account, as per the Rules, as it is the property of Simon Strategy.

**4) JOLLY accounts what they are and how they work**

The first 3 accounts from which the entire Strategy structure starts (Legend and 2 Guides) are called Jolly1, Jolly2, Jolly3. These accounts will serve to support the Strategy.

Part of the gifts they generate will be reissued into the ecosystem (with the creation of Jolly clones).

**5) It is strictly forbidden to change the login credentials of shared accounts (password, username and telephone), nor to independently take any initiative to advance to the next boards and make Join Board in the Coal (Coal) and Ohana boards.**

**6) Persons joining the Simon Strategy are fully aware of these Rules and Regulations, which they read, accept and subscribe to in every point. Failure to abide by them will result in a warning from the Strategy, with penalty of termination of the shared account.**

**VERY IMPORTANT**

The Strategy is designed and conceived with the intention of helping and uniting all Gift of Legacy communities, to regain lost confidence and enthusiasm
